Ron Ananian “The Car Doctor™” will join SPX® Service Solutions at AAPEX 2003

Warren, MI — September 10, 2003 — SPX Service Solutions is pleased to announce that Ron Ananian, host of the WOR Radio Network’s nationally syndicated radio show “The Car Doctor” will join them at AAPEX 2003 as a celebrity sponsor. Ron Ananian currently hosts “The Car Doctor” on WOR Radio 710 AM, airing Sundays from 10AM to 12NOON. In addition to being host of “The Car Doctor,” he has been a featured expert on ABC’s 20/20, FOX Television’s *Fox And Friends*, Court TV and was a long-time columnist for New Jersey Automotive Magazine. Ron also hosted an auto repair call-in talk show on New York’s WFAS-AM radio and DIY Network’s Classic Car Restoration.

At AAPEX (Automotive Aftermarket Product Expo), The Car Doctor, will be hosting two of SPX’s Tool and Equipment sessions on Wednesday, November 5th at 1:00pm-1:45pm (focus: OTC® Genisys™) and 3:00pm-3:45pm (focus: Robinair™). He will also be spending time throughout the AAPEX show at the SPX booth to meet techs and fans, answer questions and sign autographs. For a listing of the times The Car Doctor will be available, stop by SPX booth #4426 during the show. For more information and updates regarding The Car Doctor at AAPEX 2003 visit www.otctools.com or www.wor710.com/car_doctor.shtml.

For over two decades, Ron Ananian has serviced consumers' vehicles in his own repair facility, R/A Automotive, based in Waldwick, New Jersey. As an ASE certified Master Automobile Technician, he and his shop have received numerous honors including the New Jersey Automotive Mechanical Shop of the Year, and Best Repair Shop in America by CARQUEST Corporation. He has been inducted into the Alliance of Automotive Service Providers-New Jersey hall of Fame, and has finished in the Top Ten, nationally for the Technicians' Service Excellence Award.

Major corporations, such as A-1 Cardone Industries and Mitchell Information Systems have benefited from his technical expertise and product consultations. He is also a certified New Jersey Emissions Inspector, and an Automobile Advanced Engine Performance/L1 Emissions Specialist. Ron holds a degree in Industrial Arts from Kean University in New Jersey, and has been a member and former chairman of the board of trustees of the Automotive Service Association of New Jersey, and he is a former member of the Service Technicians Society.

Service Solutions, a unit of SPX[®] Corporation, is a supplier to the OEM and aftermarket automotive, light and heavy duty, agricultural, recreation, fleet, construction and government vehicle markets, offering special service tools and equipment, electronic diagnostics and technical training and support. SPX Corporation is a global provider of technical products and systems, industrial products and services, flow technology and service solutions. The Internet address for SPX Corporation's home page is www.spx.com.

OTC, a QS-9000 certified plant, is a major manufacturer and supplier of vehicle electronic diagnostic instruments, automotive fuel system maintenance equipment, special service tools, general purpose tools, pullers, heavy duty tools, shop equipment and hydraulic components. Located in Owatonna, Minnesota, OTC was founded in 1925, and in 1985 was acquired by the SPX Corporation, a multi-national company headquartered in Charlotte, North Carolina (NYSE:SPW). Today, OTC is part of the SPX Service Solutions Group.
